

**FINAL ROUND INTERVIEW TRANSCRIPT: KJ CHOI**  
**Sunday, January 26, 2014**

**Q. K, tremendous round of 66, low round of the day today. Did you see this coming?**

**KJ CHOI:** No. Yesterday I'm a little bit couple under par at finish and more confidence I suppose. This week is inside of three feet and two feet and many missed putts, looks like in very straight line and some push out. Very nervous today. Starting in (indiscernible) two feet again and missed right. And then after that confidence, and golf course is very calm and my game's more wonderful today.

**Q. When I joined you later on in your round your putting stroke looked very smooth and much more confident than you started the day.**

**KJ CHOI:** Yeah, a couple months I get out my old putter but I come back to my older putter, getting confidence in the putting today. This week I'm just (indiscernible) so my game is more improved, my swings are more better in the confidence. This year is first time using the Srixon ball, ball confidence in the tournament itself, very good job this week.

**Q. Did you have a target score today when you came out?**

**KJ CHOI:** A couple under par or 4-under par, (indiscernible) Top 10, so good finish in the last year tied for nine and the whole season's good. My focus on the California swing is more improved than last year, so hopefully 4-under par, so better than 4.

**Q. Well, fantastic round. Don't go anywhere because you never know how this is going to turn out.**

**KJ CHOI:** Yeah, I'm watching TV.

**Q. Wonderful round of 66 today, you bogeyed the first but then you just went on a tear. How different was this golf course for you today than yesterday?**

**KJ CHOI:** You know, first one only 20 feet headed down, had 2 feet past pin. This week so many time in the missed putt in the 2 feet, 3 feet because confused the line or the ocean or hill, looks like left to right and the ocean right to left and result in a missed putt. Continue normal (indiscernible) 2nd hole, 3rd hole coming soon, my game is more improved as close as I know, but very difficult, very important tee shot and good position in the second shot. So today putting inside of 20 feet making a lot. So eight birdie and two bogeys, good score on this golf course.

**Q. You putted very well today. Has that been an improvement in your game recently?**

**KJ CHOI:** Yeah, my putting is long time ago Odyssey putter I used in the 13 years, continue feeling better, but some grain in the ocean has very confused putting green. So in the morning I putting in the program and my coach together and feel like this is very calm today. KJ awesome today, keep going. So he wanting me stay in confidence in a tournament is big change.

**Q. Where are you going to be for the next two hours? Are you going to sit around and watch this, are you going to hit balls? What are you going to do?**

**KJ CHOI:** Looks like in the beautiful coast is watching TV is fantastic, a little bit resting.
