

ROUND 2 INTERVIEW TRANSCRIPT: PETER FOWLER
Friday, June 27, 2014

Q. 2-under, what was going right and what about your round today?

PETER FOWLER: I drove it pretty well the last couple days. That's a real feat, it's a quite long course. You don't want to be playing out of the rough too much. And also got a bit of rhythm on the green so I was pretty happy with that.

Q. A little bit drier today, do you think that helped you any?

PETER FOWLER: Yeah, the greens are a bit quicker today, so it was -- and they've got quite a few slopes in them so you've got to be careful. We all ran them past quite a bit today. I think as it dries out they'll be quite tough.

Q. And those two bogeys at the end, what kind of gave you some trouble there?

PETER FOWLER: I just came up short. I wanted leave it below the hole on 16, just came up short and didn't get it up and down. 18, I drove it in the rough, had to lay up. Hit a good 8-iron, I thought it was on the green but it was a yard, it was only a yard in the rough, the worst lie I've had for ages.

Q. What are some of the things you're looking to tweak for tomorrow?

PETER FOWLER: Just got to, you know, just get it close. When you get the opportunity with a wedge, try to get it -- you know, because the greens are spinning and they're quite fast, you've really got to control your length of your wedges so that's what I'll be trying to do this afternoon.

Q. Peter, anything about your season? You haven't played a lot of golf with the European Senior Tour not having many early events. You come in this week, you're the last guy in the field, just talk about that. What have you done to keep yourself sort of sharp as far as your golf game?

PETER FOWLER: I haven't played that much this year. I played a few weeks in Australia and New Zealand, just some small regional stuff which are good fun and a chance to work on my game. I had a couple injuries and operations on my knees, so that slowed me down for a few months this year. And I played terrible at the PGA, so the last month I really worked hard at a course in London with a coach friend of mine. So I've just been here working flat out for about a month, so I think that's really helped me.

Q. Been over in the States for about month?

PETER FOWLER: No, that was in England. After the PGA I went back to England and played one event and practiced for three weeks. I haven't had a day off, time to do some work.
