

**ROUND 2 INTERVIEW TRANSCRIPT: BILL GLASSON**  
**Friday, June 27, 2014**

**Q. You birdied the last hole and you get in at 9. Playing pretty good.**

**BILL GLASSON:** I played well here in the past, so I was looking forward to going to a place where I played well. Just feeling (inaudible), got some good birds and just see what happens. I'm hitting the long putter this week, and if nothing else I'll get better drops.

**Q. Any highlights to the round?**

**BILL GLASSON:** Well, I birdied the first three holes, which, you know, always is good. I hit good solid shots. I missed a couple, too. But I have to play the middle stretch a little bit better, I kind of fall asleep a little bit in the middle there. I had some opportunities coming in. I hit good shots. I'm not real comfortable yet. I had a little mud, not much, on the ball so I was kind of protecting against some wayward shooting balls today. And Bobby, I owe all my success to Bobby.

**Q. Anything about the two days? Is it drier today?**

**BILL GLASSON:** Definitely.

**Q. Playing the ball down different?**

**BILL GLASSON:** Yeah, it was definitely drier. I was surprised that we were playing the ball down and I was happy that we were playing late in the day playing the ball down. I think that had, if there was an advantage to be had, that was it, the fact that we played late with the ball down. I don't know how it played at 7:00 or first tee time at 8:00, but I thought that if anything was a break for us, the later guys.
