

ROUND 2 INTERVIEW: SHAWN STEFANI
Friday, November 13, 2015

Q. Take me through the day. Obviously you got off to a hot start, up and down, you get in with a 68.

SHAWN STEFANI: Yeah, it's good to get off to a good start this afternoon and kind of keep it rolling. I was making everything to start out and then on the back nine kind of slowed down a little bit, started missing a few greens, a couple bad tee shots on 14 and 18. But I stayed really patient out there today and kept my wits about me and we were able to make some good saves coming in.

Q. How pleased where you're at through 36, to be at 9 under and once again contending here at OHL Classic at Mayakoba?

SHAWN STEFANI: Considering I missed two of the last three cuts, I'm just glad to make a cut right now. No, there's something about this place that I really love. Like I said yesterday, it kind of reminds me about being home and just really enjoy being here. Something about the golf course and just the whole atmosphere that I love. Kind of puts me at peace and I just enjoy I guess the relaxation of being down in Playa del Carmen. So it's really nice to be here and playing well at the same time.

Q. What do you expect tomorrow, possible weather in the morning going early?

SHAWN STEFANI: You know, same things. I'm just going to try to be patient. Last year on Saturday we had some tough weather, I was able to grind it out and shoot a couple under. I'm just going to try to do the same things tomorrow. I kind of got tired the last couple holes here today and hit a few shots offline. But we're going to tee off early in the morning, which is good, and I'll be well rested. Like I said, just be patient, have a good time tomorrow and see what happens.
