

**ROUND 2 INTERVIEW: ALEX CEJKA**  
**March 25, 2016**

**Q. So all in all, pretty good round today, just the birdie on the last, and how would you characterize the round overall?**

**ALEX CEJKA:** It was a little bit trickier today, it was a little bit more wind, it was tough to play. I really hit some good shots. The whole group really didn't make any putts. We kind of played all kind of decent. You know, I was like grinding, grinding and wanted to make one on the -- and gave me a good chance on 18 and finally dropped like a 15-footer, 20-footer. So overall I'm really happy, I'm still in there. Nobody like ran away. It's tricky with the wind, you know. If I see the last couple years, the winning score's always like 7 to 10, 12 under, so it depends on what the wind is doing and maybe we get some rain or not. I'm hanging in there, just want to play the next couple days like I did the first two days. Gave me a lot of chances and hopefully make some putts.

**Q. Did you notice any changes in the course conditions from yesterday to today?**

**ALEX CEJKA:** No, no. I mean, it was just tricky, a little bit different wind. Stronger wind so I had totally different clubs than yesterday. Although it was kind of the same wind, it just was stronger.
