

ROUND 2 INTERVIEW: KYLE REIFERS
March 25, 2016

Q. Kyle, 2-under 70 today. Just talk about your day overall.

KYLE REIFERS: Yeah, I played solid. The pins were a lot tougher today, a little bit more wind I think, so it definitely played tougher today. So I'm pleased to get done this morning with 2 under and right where I want to be going into the weekend.

Q. What's been the toughest challenge for handling these windy conditions?

KYLE REIFERS: You really have to commit to some of your lines, and the wind, it's whipping around pretty good, 25-mile per hour winds, so you kind of commit to them. The course is in great shape so that really helps. I really like the golf course, and it's nice because it's a consistent wind, it's out of the east and I think it's going to be that way the rest of the weekend. It's better than one day going west and one day going east and switching around, so it's really manageable and I look forward to the weekend.

Q. So heading to the weekend you're in a pretty good spot. How are you feeling about your game? You can kind of stand up and kind of just take it to the leaders here?

KYLE REIFERS: Yeah, I feel great. I made great kind of good strides last week at Bay Hill. Had a tough last hole but really was playing pretty well, so I felt like my game is kind of coming into form and I was excited to get down here and played a solid couple rounds and I would expect another couple good rounds the next two days.
