

ROUND 3 INTERVIEW: SCOTT BROWN
March 26, 2016

Q. Nice way to finish with a birdie there, 5-under 67 today, got to be feeling good as you get the afternoon to relax before tomorrow.

SCOTT BROWN: Yeah, yeah, it feels good. I had it going last two days really and did not finish well at all. So kind of just took the positives from that and try to come out here and shoot another good low one today, and fortunately today I was able to keep it going a little bit.

Q. Has the wind been consistent all week? Is it an east wind that's been steady?

SCOTT BROWN: Yeah, I think it's been from the same direction all week, about really same mile per hour. May have blown a hair harder today really.

Q. How about thoughts on this place being here, island vibe, good feelings obviously?

SCOTT BROWN: You know, I've always played this place well for some reason. I have no clue why. But I guess just the confidence of playing well here every year, I kind of look forward to coming back and seeing if I can do it again. But other than that, I guess the way the wind blows here for the golf course kind of fits what I kind of do really well. It seems I come in here and seems my ball striking always goes to the next level when I get here.
