

ROUND 1:
April 22, 2016

BILLY ANDRADE
JOE DURANT

Q. Talk about your day today. Did you guys finish 8?

BILLY ANDRADE: We finished 8. I think the course played -- it was not easy. I didn't think it played that easy today so we didn't get off to a great start. We birdied the first hole and then didn't make a birdie until 8. So we were 2 under, 1 under going to the 8th hole, and to finish 8 under I think is a pretty good score. Pretty happy, we ham and egged it well. Joe played well coming in, I played well in between, so it all worked out fine.

Q. How about conditions today?

JOE DURANT: I thought it was not easy. I thought that the wind was swirling a little bit. This five to 10, I want to talk to the weatherman because he said it was supposed to be five to 10 today. It was not five to 10. But this is not an easy golf course with going into these valleys and going into these areas where you really can't feel the wind and it's up there. So it was a good challenge today.

Q. Got to feel good going to Top of the Rock where you guys had the success last year?

BILLY ANDRADE: Yes, very much looking forward to the next couple days to be able to stay right there and play right there and not have to come back here. We're in a good spot, I think.

Q. Joe, I asked Billy, just kind of run down how you guys did today, 8 under.

JOE DURANT: You know what, I can't say enough by about my partner, for one thing. He putted amazingly. If he didn't make it, it was burning the edge. He played great. I helped him a few holes, but we ham and egged it really good. We shot a good number. Obviously there were some good numbers out there to be had today. But I thought the pins were in some good spots so we're pretty pleased with how we finished nice on the back nine, which was good.

Q. Going back to Top of the Rock now where you guys had the success last year.

JOE DURANT: Yeah, yeah. We're just looking forward to getting over there tomorrow and playing. It will be a little different format obviously the first nine, so just try to draw on the experience we had doing it last year and hopefully we can play a couple decent rounds of golf.
