

FINAL ROUND:
April 24, 2016

ROGER CHAPMAN
DAVID FROST

Q. Back-to-back birdies at one point to put you guys into a tie for first. Tell me a little bit about that little run you made on 14 and 15.

ROGER CHAPMAN: Yeah, we hit three good shots, I hit three good shots. I birdied three in a row, 13, 14 and 15. So yeah, we had a one-shot lead and then Woody made a good two at six and then Mike just made a great two at the last. Just fell short but we had a great week. I thoroughly enjoyed playing with David and we shall be back.

Q. David, maybe just talk, a tough way to finish today.

DAVID FROST: Yeah, I mean, it was a seesaw ride all the way. On the last nine holes I thought we did well catching them. And then Woody made a great birdie with three holes to go and we had a good chance for birdie. And then, you know, anything could happen at the last hole. Came close. That was a nice finish, I would say. I thought it was a nice made-for-TV finish. (Inaudible) in any week. So having a chance is what you really ask for. Somebody has to win and we can't be too disappointed.

Q. Was there one or two that you looked back on that got away from you where you missed really good opportunities?

DAVID FROST: Yeah, it's just hard making those long putts. There's a lot of grain out there. You kind of tend to read too much out here. But the golf course is in nice shape. I had a chance on No. 15, 16 at least, just really broke a lot down the hill. Roger played really well on the back nine. You know, we had to birdie one of the last three holes to have a chance, I felt, and we didn't.
