

ROUND 1 INTERVIEW: JOHN SENDEN
May 5, 2016

JOHN SENDEN: Yeah, very pleased with it, with a good start. I hit the ball really well and scored well. So the golf course is playing very long this morning, cool conditions and, you know, it's just a tough test you have to do mostly well. The greens especially, they're very speedy down the hills. Then you've really got to hit them pretty good up the hills to get them to the holes. The course is in perfect shape and glad to get off to a good start.

Q. You left yourself not only birdie putts but some good par putts, six, seven feet at 18?

JOHN SENDEN: Yeah, I cleaned up well from six foot in and that's the key to scoring well. And I believe that if I keep continuing to do good work on and around the green, I'll be thereabouts on in the lead.
