

**ROUND 3 INTERVIEW: TIM WILKINSON**  
**May 7, 2016**

**Q. How would you assess your round out there today?**

**TIM WILKINSON:** Polar opposite from the first two rounds. I hit a lot of fairways today and a lot more greens. I hit a lot of fairways, I think I missed three fairways and two were in the first cut so it made it a lot easier tee to green.

**Q. How difficult was it with the golf course today?**

**TIM WILKINSON:** I actually felt, because I played a lot better I felt like it was easier. It was difficult. You still have to learn as well the greens were starting to really dry out and just sometimes putting is pretty difficult, you don't want to leave yourself above the whole too often. You have to play so much break and get the right speed so that can be difficult.

**Q. You're going to probably be chasing tomorrow. What's your mindset coming out here tomorrow in the final round?**

**TIM WILKINSON:** Just pretty much play how I did today, try to get the ball in play. And there are plenty of scoring opportunities out there, you just have to play the tough holes solidly. If you can do that, I'm wedging the ball really well, I can give myself a few chances and I think I should play well.
