

**ROUND 2 INTERVIEW: BILLY ANDRADE**  
**June 4, 2016**

**Q. Finished with a real flurry there, started on a flurry, finished on a flurry?**

**BILLY ANDRADE:** How about that? It was a great day. Played with Duffy, who played well, and Jeff. We all played well so it was a good day to play with these guys. I was going along pretty well and then birdied 12, 13 and then 15, 16, 17, 18. So these guys got a lot of holes to go and it was nice to get it going and look forward to tomorrow.

**Q. What was going right today that didn't necessarily go right yesterday?**

**BILLY ANDRADE:** Yesterday I just didn't get off to a great start, and this golf course is pretty easy. When you're off a little bit, it can really play hard and it's tough to hit these fairways. So today I think I hit a few more fairways, I was putting well, I got the ball in the hole and that's what you've got to do out here. That was the difference between yesterday and today. Not a whole lot difference in ball striking except maybe a few more greens.

**Q. Last year the second round killed you, you played great in the first and third rounds, tied for 10th and the middle round really --**

**BILLY ANDRADE:** Yeah, I played with Bernhard Langer the first and the third day, and we were in the locker room after and he goes, You shot 12 under with me, you shot 4 over without me, you need to play with me more. I said, Yeah, no kidding.

Yeah, last year the second round I was in the last group after the first day and didn't have a good day. So, you know, it's a new year and I'm looking forward to tomorrow and getting out here again and having a chance to win.

**Q. You've really been dialed in most of the year, you've played some great golf this year.**

**BILLY ANDRADE:** Well, thanks. Yeah, it's been fun, it's been a lot of fun. I'm feeling really pretty good with my game.

**Q. You had three top 5 finishes, right, over the last couple months?**

**BILLY ANDRADE:** Yeah.

**Q. Does that give you, I don't know, momentum going into a third day where you have a little more confidence?**

**BILLY ANDRADE:** Yeah, I feel good about my game and I'm going to go out tomorrow and see if I can -- I know I've got to go shoot a good score because the scores out here are good

and there's nothing else I can do. I just go out and play my best and see if it's good enough to win. The players out here are great players. Anybody can do what I did today, that's how good everybody is. When they get hot, they can flush it out. I'm just going to go out tomorrow and have a great time and enjoy it, see what happens.

**Q. What was the longest putt you had with the birdies coming in? Was there anything real --**

**BILLY ANDRADE:** Not really. I made about a 20-footer on 13 for birdie. 15, I hit the green in two and two-putted. 16, 17 and 18 were all pretty short putts, so it was a nice way to finish.

**Q. How was the wind as far as adjusting?**

**BILLY ANDRADE:** I felt like the wind today was a little -- you know, it was blowing as hard as it was yesterday, a little different direction. But yeah, so when you go from one day to the next and it's a different wind, some players, you know, adjust and some players will have a hard time, they like the wind as it was yesterday. I guess today's wind was better for me.
