

Q. Talk about the round. Three days in and the golf course never gets any easier, does it?

WES SHORT JR.: No, it seems like it's getting harder and harder. The greens are getting faster and firmer, and it seems like the wind's blowing a little bit harder. It's kicking almost everybody's butt.

Q. Talk about your round today. Any key moments out there?

WES SHORT JR.: You know, I made some good par putts that kept my round decent. I missed some short ones for birdies but I made a couple you shouldn't make for par, so it all equaled out. Just got to drive it better. I've been saying all week this is a very important course to drive it good on.

Q. Bernhard's at 2 under right now, you're at 2 over. We had one today but is there realistically in one of the final groups a 65 out there if you need it?

WES SHORT JR.: You're going to have to hit it awfully good and going to have to putt very well. The wind's supposed to be blowing really bad, tomorrow just said "windy." I don't know what that means, but it's already blowing pretty good now. You know, you have to play well.

Q. You're playing Philly Cricket this week, Oakmont next week. Going to have to put the golf clubs up for at least a day or so to recover after 14 days of that, right?

WES SHORT JR.: You're not kidding, maybe a little bit longer.
