

FINAL ROUND INTERVIEW: BERNHARD LANGER
June 12, 2016

BERNHARD LANGER: Terrific championship. My hat's off to Constellation. They've taken this tournament to great heights and they've got a wonderful crew behind the tournament. It was a pleasure meeting some of them over the years.

We're doing media day every year now at THE PLAYERS Championship so that's always fun. Also the Cricket Club, what a championship venue. They could have any tournament they wanted. They could make this golf course so tough. Obviously we had the hardest conditions you'll ever find because it doesn't blow 20 miles, 25 miles very often and we had two of those days, and the other two days it was somewhere between 10 and 15 and that's part of the reason the scores are so high. But this is a true world-class championship venue. As Greg already mentioned, we hate shooting over par but everybody loved the golf course even though we were over par. So my hat's off to them. It was really well presented and it was fun being here. Thanks for having us.
