

Q. You made five birdies in your first six holes, what was the key to starting?

NICK TAYLOR: Yeah, I was hitting fairways, able to get it close from there. I had an easy two-putt on the first hole which kind of got me going, and two great shots and I holed it (inaudible.) So yeah, it was a great start. I was making putts, which is nice to see the ball going in, and kind of kept it going.

Q. Everybody talks about how tough this course is. You have one win on tour. What would it take for you and your game to get win No. 2?

NICK TAYLOR: Yeah, to keep it in the fairways. (Inaudible.)

Q. Nick, why don't you tell us about that hot start right out of the gate here in the first round.

NICK TAYLOR: Yeah, I was able to hit the green in two on 10, had a good two-putt birdie there. 11's a really tough hole, the second hole today and hit a fairway 3-wood, hit a great 8-iron in there about five feet and made that for birdie. So it was nice to get off to a start, and made a long putt on 12. Decided to lay up on 14. I think with that pin it was the easier of the shots. You could maybe drive the green, but left was tough, so I hit a good wedge shot in there pretty close. Got a good break on the next hole, had a good line, made birdie. So just hitting it close and was making all the putts, too.

Q. Obviously you had no problem regaining your composure after what happened at 17, a slight stumble, but you were able to hold it together coming in?

NICK TAYLOR: Yeah, I actually hit it a little more solid on the back nine, my front nine. Wasn't hitting it as close, a lot more 7-irons, 8-irons and a few wedges, but made a lot of easy pars on the front nine, and so it was nice to come back after the double.
