Q. I know you've got to be disappointed but a great week. Just talk to us about the playoff and the finish and what the week was like.

SI WOO KIM: I had a couple of about three, four bad weeks on Tour, and also these first two rounds were a bit disappointing, but I had a good third round and a good fourth round to jump back onto the leaderboard. It was a very valuable experience for me on the PGA Tour, which I believe is going to carry along.

Q. Did you think the putt was going to go in on the second playoff hole? Looked like you thought it was going to go in, the 10-footer I think it was.

SI WOO KIM: It was a good lie but it was a disappointing miss.

Q. Take anything confidence wise from the last two rounds you played on the weekend of a major Tour event?

SI WOO KIM: When I started the season I had a strong start and then had a few disappointing games. But again, this tour is very important. As we end the PGA Tour season, finishing on top of the leaderboard is definitely a confidence booster, so I hope to finish off the season pretty strong.
