

**Q. Got to feel pretty good about the way you finished.**

**MICHAEL THOMPSON:** Yeah, yeah, I played well today. I didn't really feel all that comfortable over the ball, so to put a good round together feeling that way means a lot. Feel like I'm on the right track and just got to keep going.

**Q. Playing next week, I assume?**

**MICHAEL THOMPSON:** I am, yeah. I'll be playing four of the next five.

**Q. So good chance to kind of keep the momentum going, do you feel like?**

**MICHAEL THOMPSON:** Yeah, I hope so. Got a good feel, something to work on going forward. Starting to make more putts, which is key to my game because I'm giving myself chances and, you know, just happy to play well.

**Q. I know everyone's got a goal in mind of what they want to do at the end of the season. How critical are these last six weeks before the FedExCup Playoffs kick off?**

**MICHAEL THOMPSON:** Yeah, it's kind of like the final push, you know, final effort. I've got to play well in order to keep my card for next year. I've just got to embrace the pressure and the position I'm in and just go play as good of golf as I possibly can.
