

PLAYOFF INTERVIEW: CAMILO VILLEGAS
November 21, 2016

Q. Camilo, great week, obviously disappointing. What do you take away from this week?

CAMILO VILLEGAS: Yeah, it was a very positive week. A lot of things heading the right direction. It's a playoff. You've got five guys, and obviously Mackenzie made a great putt there. I flushed my 5-iron there for the first shot and it just went over. And it's a lot colder this morning, it's a lot tougher.

But I mean congrats to him. He played well. I played with him yesterday. He made a couple mistakes, came back with some good birdies. I managed to get myself in the playoff and, like I said, I'm proud of myself. We always want to win, but it is what it is, man.

Q. Came up just a putt shy?

CAMILO VILLEGAS: Yeah, you know what, still a positive week after a very slow year. A lot of things went in the right direction last week and this week. I feel a lot more comfortable. I feel comfortable the whole week. It's a five-man playoff, I mean anything can happen.

I flushed my 5-iron there on that tee shot, I thought it was perfect. And then the putt, I just pushed it a tiny bit. But once again, I'm proud of myself. It's a good way to start the year. Obviously we want to win a golf tournament, so you go with a little bittersweet but you've got to look at the positive and keep moving forward.
