

ROUND 2 INTERVIEW: OLLIE SCHNIEDERJANS
January 27, 2017

Q. Today was a little different with that wind out there, got off to a good start, made some bogeys and then finished really hot. What was it like for you today?

OLLIE SCHNIEDERJANS: Yeah, it was pretty tough out there even on the North Course. I think the greens, I don't know about the South Course, but they definitely firmed up and got fast, maybe from the wind and a couple of dry days. It was somewhat challenging even on the North Course, but I hung in there. I played really well besides three holes, a three-hole stretch I had some hiccups but then kind of finished well.

Q. You come off a successful year on the Web.com Tour. What have you learned early on in this first season?

OLLIE SCHNIEDERJANS: Sort of kind of got my game in a good place and organized and I know how I play my best and I kind of solidified how I go about things and the way I play. It's been very positive for the last three or four events.

Q. What's been the key for you the first two days?

OLLIE SCHNIEDERJANS: Just consistently in the fairway, I think. Just that the rough is brutal, so I've hit enough fairways to give myself chances and haven't made any really big mistakes. I've made some bogeys on some hard holes, but I think everybody's making bogeys. I kind of just played steady and hit the ball well off the tee.
