

ROUND 3 INTERVIEW: PHIL MICKELSON
January 28, 2017

Q. How was your round today?

PHIL MICKELSON: Oh, it was a good round today in that, first of all, there's no better place to play golf than Torrey Pines in weather like this. Looking out at the ocean, the views, it's just spectacular. The course is drying out very nicely and played great today. I got off to an early start and played okay the front, solid the back and ended up shooting 4 under. It was a good, solid round.

Q. Your personal expectations for tomorrow?

PHIL MICKELSON: Well, fortunately I'm within striking distance if I can get hot, but there's a lot of people between me and the lead, which means I've got to make birdies to go get them. If I can shoot something 65, 66, you never know, it might be enough.
