

Q. Ton, just a few comments. Overall a good week. Obviously you would have liked to come out with the victory but you've got to feel solid about a good week?

TONY FINAU: Yeah, it was a good week. I gave myself an opportunity to win going to the back nine on Sunday. It's always a good feeling. It's where you want to be. It's what you prepare for and what you play for. So didn't pan out for me this time. I didn't have my best stuff. I didn't feel like I was swinging it my best as good as I was the first three days. Not the best time to be feeling that way, but I fought hard, as hard as I could and I was happy to finish in the final group with an under par round. I thought it was pretty solid.
