

**Round 3 Interview:           ANDREW JOHNSTON**  
**March 25, 2017**

---

**Q. So you birdied your last two holes, really strong finish to a good round. What's it mean to you to finish on that kind of note?**

**ANDREW JOHNSTON:** Yeah, it was good. I missed a short putt on 15 for birdie which I should have knocked in, which was a bit frustrating. And then missed the green on 16 just right and had a pretty simple chip and I just hammered it like six, seven foot past, six foot past, so I made a good putt there, gave me a good feeling. I hit a good tee shot on the next and holed a good putt there, yeah. Good putts.

**Q. Do you feel like you've created some momentum going into the final round?**

**ANDREW JOHNSTON:** Yeah, definitely. Yeah, even if I finished with a couple pars, I was thereabouts and in a good position for Sunday.

**Q. And like you said, you got yourself back into the golf tournament. What's your mindset going to be like tomorrow?**

**ANDREW JOHNSTON:** Just try and do exactly the same, you know, as I've done the last three days. I played nice all three days, just put myself in good positions, so that's the key, man.

**Q. And what's been the key to your first three rounds? You've played well. What's been the most important part of your game so far?**

**ANDREW JOHNSTON:** Everything's been pretty solid, you know. I haven't hit like many bad shots. It's been nice and consistent. I haven't short-sided myself much and made sure, especially with the wind and that where I make sure I'm left of this flag here and I'm better off being 20-foot left than 10-foot right down the slope, you know. So I've just played sort of sensible and holed some good putts at good times.

**Q. And what would it mean to you to break through and come out victorious tomorrow?**

**ANDREW JOHNSTON:** Massive. A win's a win anywhere. That's what we play for and that's what we've got to do, try to put yourself in position to win and I'll give it a go tomorrow.
