
Q. Sergio Garcia, the clubhouse low so far today, a 4-under par. You had that bounce-back birdie on 18. How did that make you feel coming in?

SERGIO GARCIA: Yeah, I played well today, hit the ball nicely. Yesterday it felt good but I was a little bit off on a couple swings here and there and I paid a steep price for it. Today I was -- it could have been a really, really good round. Obviously a couple of shots, on 17 I hit a great shot in and a couple yards farther. Unfortunate I made bogey and it went in the bunker. But yeah, nice to finish with a birdie on the last and have a good round.

Q. With 1-under total, how do you approach the weekend then?

SERGIO GARCIA: Well, the same way. Obviously I'm going to go out there and I'm going to try to keep playing well and shoot the best I can. I know that I'm a little bit farther back than I wanted to be. Obviously yesterday didn't help out very much but hopefully I can have two solid rounds and see where we end up.

Q. You've got to feel pretty good about your season though overall?

SERGIO GARCIA: Yeah, definitely, definitely it's been great. Obviously winning Dubai and the Masters and the wedding and making it to the TOUR Championship, it's always an achievement. So yeah, it's been a great season and we're excited about it.
