

Q. Jordan, I was with you most of the day, hard fight I thought, I thought you fought beautifully, is that accurate?

JORDAN SPIETH: Yeah, it was fight this whole week. I got on the greens and this was the most uncomfortable I've been with the putter in my hands maybe in my career. It was probably the worst putting event that I had this entire year. So to be able to play the way I played with that and really this entire -- I mean this tournament almost summed up the year. I struck the ball nicely, I just couldn't quite get comfortable to get in just a full-blown full tournament rhythm on the greens. I tried to take care of it with the wedge there with a hole-out eagle. And then if the putter was a little hotter, then I would have had more of a chance. But I'm very pleased with the season, very pleased with the way we fought today and happy for JT with the FedExCup and whoever ends up winning today.

Q. A great fight, I know this is the official end of the PGA TOUR season. Obviously more important golf, including next week. Just some thoughts heading into New York next week?

JORDAN SPIETH: I'm extremely excited. I'm ready for a few beverages, I'm ready to just to have a great time. These team events are where you build these relationships that you have that are so strong on the PGA TOUR. You get guidance from older guys. You get now a lot of really young exciting players on tour that we have on our American team. You get to know people in depth, you get to know their families. It's just an incredible environment that's unique in sport and I really look forward to these weeks. It's giving me chills right now just thinking about how much fun we're going to have.

Q. How aware are you of the frustrating --

JORDAN SPIETH: Tried not to be, but it's almost nature sometimes to glance over and saw a projected first. At some point during the round, it must have been like after -- when I was walking up to the green on No. 12 it obviously started to hit me. I made a great birdie on 13 thinking I might have some leeway trying to play 1 under from here on in. Unfortunately went 1 over and probably wouldn't have made a difference anyways.

Q. How would you sum up the week?

JORDAN SPIETH: Yeah, it was a grind. Those middle two rounds I just had to get more out of it. I just got off to poor starts. I was over par the first few holes each day and when the winning score's somewhere around 12 under, you've got to really -- your off days still have to be under par. To shoot even and 1 under in those middle rounds kind of set me

back. But I love this golf course, I love this tournament. If I putt well, if I putt better, then we're in the thick of things.

Q. Where do you go to fix your putter?

JORDAN SPIETH: Yeah, it will be nice, I just won't hit putts for a while after next week. I'll just come back revamped. I'll get back to basics and go from there like I do every year.

Q. Can you pinpoint what made you so uncomfortable this week on the greens?

JORDAN SPIETH: I'm not sure what it is. I would look up and it would be on a different line from where I thought, and then I didn't know what to do over the ball. I just -- I don't know if it was timing or alignment or what it was and I was trying to figure it out. Cameron was here, we were trying to figure it out, but ended up -- that happens, you have off weeks and this was one.

Q. (No microphone.)

JORDAN SPIETH: Just a tenacity, a confidence that takes experience in order to build and to have. I really saw it at Sony, he was out in front of the field and really just kept himself out there. In Hawaii it was a battle with Hideki. But when you come off a week like that, it takes a lot out of you, and that next Sunday the fact that he did that, he got his fourth win there and then obviously the PGA showing what he did there shows that he has that confidence no matter what the stage is, no matter where it is.

Q. What are you going to do (inaudible)?

JORDAN SPIETH: I'm going to hang out. I'm going to enjoy my time at home watching football.
