

PATTON KIZZIRE (-10)

Q. Obviously a good first two days and heading into the weekend in good position.

PATTON KIZZIRE: Yeah, I'm in a good spot. Today was tough. I had a few hiccups out there, but with the wind and the rain and with the wind and rain together, it was tough. And the stop and start was tough. But I hung in there, made a few birdies there towards the end of my round and then survived that really tough rain that we had there at the end.

Q. What's been working this week so far that you noticed?

PATTON KIZZIRE: I've just been putting rounds together. I've been playing well for a long time, just was able to put a really good round together, had ball striking and putting in one day, which you don't get that too often but I always enjoy when I do. But I've just been playing solid. It's not real surprising to me. It might be surprising to other people but not to me.

Q. This course lends itself to keeping it in the fairway.

PATTON KIZZIRE: Right.

Q. Has that been exactly what you've been doing?

PATTON KIZZIRE: I've hit my fair share of fairways. I've also missed some, too, but I've been able to manage pars and you've got to have good misses. Your misses have to be fairly tight, especially with the wind. And there's not much leeway after the landing area, it's kind of a jungle. But I've been hitting the ball good. I'm glad to get through today, it was tough. Looking forward to the weekend.
