

ROUND 2 INTERVIEW
November 11, 2017

PATRICK RODGERS (-10)

PATRICK RODGERS: I think it rained a ton and very impressed with how they hold water out here. It wasn't too bad. I thought they would have problems with us playing the ball up after all that rain, but we were good. Nice to be back out.

Q. How was your patience during the long wait?

PATRICK RODGERS: It was fine. This is a great spot to be. We're staying here on property and it's just an immaculate hotel. Regardless of the golf, whether it went well or poorly or sitting around or playing, we're really enjoying our time.

Q. You're part of that great high school class of 2011. How's your patience been holding out when you see some of your other friends that you played junior golf with have so much success out here?

PATRICK RODGERS: It's been tested. To be honest, at times it's been really hard because I feel like I have the game that everyone else has and I feel like I work as hard as everyone else does, but everyone has a different process and I have to be patient with that. But I've always felt that I have the game to win a lot out here and I'm looking forward to a good chance this weekend.
