

ROUND 2 INTERVIEW
December 1, 2017

PETER SENIOR (-6)

PETER SENIOR: Yeah, just putted awful today. I missed three three-footers on the first nine that I played and that set the tone for the day. I didn't hole very much at all. So could have shot 3 or 4 under pretty easy, but this grass, sometimes you read it both ways and it goes the opposite way that you think it's going to go. But once you miss a couple, then it puts doubt in your mind, so I was pretty tentative for the whole day then.

Q. Was it difficult I suppose when you haven't played tournament golf in a while to have the late finish Thursday and the early finish Friday?

PETER SENIOR: No, not really. I felt pretty good from the start. I started par-birdie and I was off and running. Just if you don't putt well these days, you get run over. Unfortunately, that's what happened.

Q. The fact that you were missing three-footers and you could correct that, it gives you hope for the weekend, correct that and you could still play like that and have a 71?

PETER SENIOR: Well, the longest putt I holed yesterday was six foot and today I missed three three-footers and probably two or three from six or eight feet for birdie. You knock those in and all of a sudden quite conceivably I could be 10 under and not far from the lead. So there's a little bit of hope there. You know, I feel that I'm playing well enough to shoot some good scores.

Q. Your frustrations after a round like that, what do you do now with the afternoon off, do you watch a bit of golf or do you just switch off completely?

PETER SENIOR: No, I'll switch off completely. I'll probably go to the putting green with Gary Edwin to try and work something out. It's got to be the way I'm setting up because it just doesn't feel comfortable, either. I'm miss-hitting a few, so we'll go work on that.
