

ROUND 2 INTERVIEW
January 26, 2018

LUKE LIST (-9)

Q. Just talk about your round.

LUKE LIST: Yeah, got off to a good start on the first hole. Birdieing the opening hole is always good. I've struggled with that hole and I know Tiger does, too, so it was nice to hit the fairway and get off to a good start there. I think I was like 4 under through maybe 6, so great start and took advantage of the benign conditions this morning.

Q. Does it help playing the South on Friday, playing well knowing that you're going into the weekend and going to play it twice?

LUKE LIST: Yeah, sure. I was fortunate, I thought the North course, the improvements are really tough now so I was happy with 3 under yesterday. I knew if I could drive it again well, I would have some opportunities out there and I was fortunately hitting into some fairways and took advantage of the par 5s.

Q. Was driving kind of the key to your round today?

LUKE LIST: And I putted really well. I made some good saves and some good putts. I've got to work on my irons a little bit, but I was happy with the way I drove the ball.
