

ROUND 1 INTERVIEW
March 1, 2018

KIRADECH APHIBARNRAT (-5)

KIRADECH APHIBARNRAT: Keep it more greens and fairways, more opportunity to putt. My golf game's in great shape.

Q. A couple of guys from the European Tour said this course sets up better for the European Tour players. Do you feel it suits your eye a little better?

KIRADECH APHIBARNRAT: Well, I think everyone I think is similar to everyone. It doesn't get any advantage because this week we just playing about distance control. It's all about distance control because after -- I mean, more greens that you hit, it's more chance.

Q. And how do you find the altitude? A lot of people have a hard time adapting.

KIRADECH APHIBARNRAT: Well, it is I find really difficult as well. Some hole that you have to just hit in the middle of the greens, that all you need to do, because it's really difficult to adjust when you've got a lot of heat, might go so far. When the sun was in the shade and then you can drop a couple yards. So all about hitting greens this week.

Q. Kiradech, congratulations on your debut at the WGC.
