

ROUND 2 INTERVIEW
March 24, 2018

JEFF SLUMAN (-6)

Q. So really tough conditions out there today. How were you able to stay relatively mistake free and come through with a good round?

JEFF SLUMAN: Well, yesterday and today was very, very difficult. I think our officials did a great job of setting the golf course up. We had a few tees up on really long holes that were into the wind. There's no secret out there, you've got to hit the ball very solidly in the wind, doesn't matter where you are, and I was able to do that and just kept the ball in decent positions that we always joked on the range, the Triple D you don't want, downwind, downhill, down grain where you can't even stop the ball. So I was able to really avoid situations like that for the most part today.

Q. You are 60 years old, you would become the 20th player that age or older to win.

JEFF SLUMAN: I'm just trying to wake up tomorrow. I put myself in good position and I should be if not in the last group, probably the second-last group.

Q. So being near the lead, that's all you can ask for with the conditions what they are, and it's pretty wide open, wouldn't you think tomorrow?

JEFF SLUMAN: Yeah, you know, you never want a player of Billy Andrade and Steve Stricker's stature to be way, way ahead of you, but they've got three or four holes left, so they can finish a few more under par. I can't do any more than 6 under right now and get up ready to swing tomorrow and see what happens.
