

SUNG KANG (-12)

Q. If we could just get an opening comment about your second 64 here at Quicken Loans National, currently runner-up.

SUNG KANG: Oh, yeah, I started really solid today and then I had some problems on 10 and got it up and down for par the next few holes. And I missed a couple short birdie putts but coming at the end, 17 and 18, I made another birdie on 14. I finished solid today, so I'm really happy that I shot 64 today.

Q. Seems like you play here pretty well?

SUNG KANG: Yeah, I've been playing like I finished like fifth on the Web.com Tour when they had it, fifth last year, I played even better this year. So I really love this golf course, and then I'm really sad that we're not going to play out here anymore. But I mean, it was a great last event for me here. Always really love D.C.

Q. You got into the Open Championship last year at this event?

SUNG KANG: From this event, yes.

Q. What does it feel like to get there again now?

SUNG KANG: Well, I mean, I really haven't really thought about it. When I think about the future or like past or what is going to happen, it doesn't really help with my golf game on the golf course, so I just try to focus on just one shot at a time. I didn't even look at the scoreboard and then I asked my caddie on 17, are we getting close to the lead, and he's like, no, the winner's (inaudible) and then we're like fifth. So okay, just make a couple more birdies and I did, which is great.

Q. It looks like there's a very good chance you are back into The Open this year, so if that is the case, what are your feelings now that you're done?

SUNG KANG: I'll just kind of enjoy. Majors always fun. I wasn't really planning to go, but if I'm going, then I'll just have fun.

Q. What was your experience like last year at Royal Birkdale?

SUNG KANG: It was actually great. I mean, weather was so much similar to where I'm from, windy, rainy, and then it can be anywhere, it can be warm and cold, so probably will be the same this year. Just get used to it.

Q. Links golf, how do you find it suits your game?

SUNG KANG: I actually like the links. I like the course where the wind blows hard and they're running it around, so it will be good for me.

Q. You like having an event here. What do you like so much about this area?

SUNG KANG: Here is so much similar to my home country, South Korea. It has the four seasons and the tree lines, humid, hot in summer, winter gets cold and snowy. And then there's some undulation also. A lot of courses in Korea, land is not pretty big in Korea so we always build the courses on the mountain, which is absolutely more hillier than here. So everything's very similar. And a lot of Korean population, a lot of Korean good restaurants, so it just feels like I'm back in Korea and just feels very comfortable.
