

ROBERTO DIAZ

Q. First of all, being back here where you started, where you came for the first time and just where you've gone and have a future so bright as well, just some comments about that.

ROBERTO DIAZ: Just obviously very thankful for the event. They gave me the opportunity to play my first PGA TOUR event here and I'm very thankful to come back here as a full member now. They pretty much -- they knocked on the door, on my door and they said, all right, you can do it. And then you start playing more and more and more, and finally you come in here as a member and you see everything different and you see how everything started. Just very thankful. Very, very thankful because it's super important that an organization like this help out kids coming out of college or coming out of professional golf, and then the development brings you back as a member and you're very thankful for everything they do.

Q. And golf is such a mental thing, so once you get out on the tour, your confidence grows as well?

ROBERTO DIAZ: Yeah, the confidence and obviously the learning. It's a learning curve. I learned a lot last year. Obviously it's my second year as a PGA TOUR member now and I'm excited, but there's a lot of things to learn. I'm thankful for what I'm doing and I'm very proud of everything that I've done, but I think there's a lot of things that can be accomplished still.
