

ROUND 1 INTERVIEW
November 8, 2018

KEVIN CHAPPELL (-6)

Q. You three were feeding off each other, the group as a whole shoots 17 under par?

KEVIN CHAPPELL: Yeah, a comfortable group for us, they're some of my friends out here. When we see that tee time with some friends, it can go either way, right? We feed off each other or we can heckle each other and turn it the wrong way. Today we all got off to decent starts and were able to feed off each other throughout the day.

Q. I thought you caught the golf course a little bit vulnerable, too, without any wind for the opening round?

KEVIN CHAPPELL: You mean we aren't just that good?

Q. You're that good, but maybe Mother Nature helped as well. We both know that this golf course can play really difficult.

KEVIN CHAPPELL: Yeah, the wind stayed down all day, stayed one direction, which is nice. You kind of know where it is even if it's not blowing very hard. The greens are soft and rolling really good. The fairways are a little soft, so fairways play a little wider and it becomes very scorable.

Q. And you took advantage of it, well done.

KEVIN CHAPPELL: Thanks.
