

ANIRBAN LAHIRI (-11)

Q. You're in nice position after 36, Anirban.

ANIRBAN LAHIRI: Yeah.

Q. You played pretty nicely the first two days.

ANIRBAN LAHIRI: Yeah, I played really nicely. I think both days was pretty solid. I was a little shaky today maybe in the middle part of the round, dropped a couple of shots. Pretty much unforced errors, both of them, but otherwise I've hit it good. Off the tee I think I've been solid. That's been, I think, the big improvement over the last couple years that I've played here. This year's been a lot more solid. Yeah, I feel really comfortable around the golf course anyways, but it's nice to just put myself in a slightly better position.

Q. I was going to ask you about that. You played pretty solid, nicely the last couple times you played. What is it about the course that suits your game?

ANIRBAN LAHIRI: Well, I just grew up playing paspalum.

Q. It makes a big difference.

ANIRBAN LAHIRI: Yeah, I've always played well on paspalum. I've won events on paspalum, including paspalum greens, and I think now this is the only one that's left because TPC KL has also switched and I don't know if they're going to go back. So this is something that I look forward to because I like playing on these grasses.

Q. So does the game plan stay the same?

ANIRBAN LAHIRI: I mean, guys are shooting, 8s, 9s and 10s like it's breakfast. Obviously there's a lot of birdies to be had out there. I don't know what the wind or the weather's going to be like the next couple days. It was definitely a lot easier in the morning, the greens were probably rolling a bit nicer. So in that sense, you know, can't really change anything, got to try and take advantage of the par 5s, and yeah, keep making birdies. You can't stop because someone's going to shoot 8 or 9 every day.
