

BOO WEEKLEY (-6)

Q. Do you want to talk about the round today? Was the eagle on 2 the best shot?

BOO WEEKLEY: No, I hit a lot of good shots out there today. Helped out we've been playing the par 5s so bad this week so far and I finally hit a good drive on that hole and got a decent number and I was like, all right, we're just going to try to float something in there, and we floated a hybrid in there and it worked out.

I made I think it was about a 17-footer for eagle there, a little round the curve. When it went in, I was kind of like, all right, here we go. We finally get to a good start instead of kind of missing like -- because I missed a couple short putts there for birdies, you know, and kind of like, all right, kind of flattened out.

Then the next hole I missed it from about four foot on the next hole, and then kind of just cruising around there. On the par 5 I made another decent birdie putt there from about eight feet and then kind of just cruised around, you know? Made birdie on 9 and -- which I hit it good there, hit it about four, five foot there.

And then 11 I hit it about 10 foot, made birdie there. And then on 12, I hit it probably about 25 feet and just misjudged it a little bit because it's going downhill, and knocked it by about six feet and three-putted that.

Then I birdied, what was it 14? Yeah, 14. Hit it in there about eight, 10 foot right behind the hole. And then 15, yeah, 15, I birdied the par 5. I hit driver, 3-wood right up there short of the green, chipped it up and just tapped it in there. And then birdied 18. Hit driver with kind of -- could have went for it. We probably should have went for it. I felt like we could have got there, but we laid it back to a good number and then just hit wedge in there about six feet.

Q. Was it the first round you started off rocky and then had to --

BOO WEEKLEY: Yeah, I started out, I was 4 over through five holes.

Q. Since then obviously real low?

BOO WEEKLEY: Yeah.

Q. What's changed?

BOO WEEKLEY: I really think this is my first PGA TOUR event back in -- you know, I

played four Web events so far and I'm just nervous because I know I need to make this cut and just I put a lot of pressure on myself right out of the gate. Once I got kind of calmed down out there, I went back to playing golf and, you know, I got it back to even par the first day.

And then yesterday I just, like I said, I just been struggling just a little bit with hitting it and I kind of got a little too far from it. And my golf coach, I sent a video to him and he kind of straightened me up a little bit and it helped out a lot.

Q. Sure. Was today one of those days where kind of momentum was on your side? You kind of make one birdie, another, you're kind of rolling along?

BOO WEEKLEY: Oh, yeah, yes. It was rolling. I felt like I could have shot probably four more better. I mean, that's what I felt because, I mean, I missed it on -- I mean, like I said, I missed about a four footer on 3. Then kind of hit it like, you know, 15, 20 feet, left it short, you know what I mean. Some of them putts could have easily fell.

And I mean, just like on the back side I felt like I really could have shot like 5 or 6 under on the back side, especially 16, 17. I missed it from 10 foot on 16 and missed it from about eight or nine feet on 17, you know. So it was kind of like one of them days it could have really got after it, you know, but then again I'm happy with what I shot. You can't ever complain when you shoot under par anyway on any of these golf courses.

Q. How are you feeling health-wise these days?

BOO WEEKLEY: I'm feeling pretty good. Not 100 percent yet, but I say, you know, I'm hoping maybe two or three months from now, once I get back to playing golf and still doing the same little regimen that I've been doing with my shoulder and my arm, elbow and stuff, I should be back to normal.

Q. So much improved, though?

BOO WEEKLEY: Yes. Oh, it's improved a lot from the first week in Exuma down there in the Bahamas. I feel like I can actually hit golf shots. I was kind of nervous -- I wasn't as much nervous down there as I was this week.
