

JOHNSON WAGNER (-12)

Q. I know you really wanted to close the deal, you played great all week. 69 today, just a few thoughts in general about how that kind of speaks to how you're playing.

JOHNSON WAGNER: Yeah, I've been playing really good, just haven't had any good weekends lately. It was great to get in the hunt and perform well. I handled the pressure really nicely. Had good, positive talk in my head. I mean, I would assume most golfers are pretty insane in that kind of situation. There's a lot of talking going on in the head and I was real positive with myself. So lots of good things to take from it. I go to Honda next week. But I'm upset, I'm mentally drained, physically drained. I'm upset that I didn't close the deal. I was in position to and it sucks.

Q. You kind of touched on it, but you felt like is there a particular part of your game that you've been feeling is coming around a little bit?

JOHNSON WAGNER: Ball-striking is definitely a little more consistent, putting's a little more consistent. Everything's been really good, but everything this week has just been tidier, and there's still room to tidy it up a little bit, so that's positive.

Q. What hole was it when your feet were in the water?

JOHNSON WAGNER: 13.
