

**ROUND 3 INTERVIEW**  
**April 6, 2019**

**DANNY LEE ( -10)**

---

**Q. 6-under 66, excellent round. If I can get some comments on your day.**

**DANNY LEE:** 6 under with nasty wind and weather out there was pretty impressive. I'm actually proud of my game today. Got really lucky on the last hole. I thought my second shot went in the water, but somehow it stayed up on the grass they have on it. I made up-and-down for nice birdie to finish. It was a good round.

**Q. Four birdies in your last five holes, just talk a little bit about that finish.**

**DANNY LEE:** Yeah, if you play half decent on the front nine, back nine can do a lot of damage out there. There's a lot of short par-4 holes and a couple reachable par 5s. All you've got to do is just keep it in play, I think, and you're going to make a lot of birdies on the back nine, I think.
