

RYAN ARMOUR (-8)

Q. Ryan, overall takeaway from today's round?

RYAN ARMOUR: I drove it good. I think for me, you know, hitting in the fairway gives me a chance to be aggressive here. And it's not the longest course, which gave me some confidence when I showed up on Tuesday to be able to make some birdies. I don't have -- I'm not sitting back there with 3- and 4-irons in, so I was able to attack some hole locations.

Q. How were the crowds out there today?

RYAN ARMOUR: Oh, they were awesome. Everyone's respectful. I think everyone's really excited to have us back in the Detroit area, you know, supporting golf and sport in general.

Q. Do you have an idea of a target score?

RYAN ARMOUR: I have no idea. I saw Nate had 9 under before I teed off. You know, whenever you try and put a number on something, you kind of stay at that number. I'm trying to go out there and hit every shot the best I can.
