

TALOR GOOCH (-7)

Q. How did this golf course play for you today?

TALOR GOOCH: I just tried to keep up with Nate. He literally birdied every hole I birdied today, so I knew if I could stay within a few of him, I was going to be all right today.

Q. You weren't sure if actually you were going to play this week. Earlier on there was a withdrawal, you got in. How does that affect you as a player?

TALOR GOOCH: Yeah, I mean, unfortunately the category I'm in, that's kind of happened a few times this year. I've only actually played 12 events this year, so I've had that last-second call in or call out a few times. So you've just got to get ready for it and just be ready to go when your number's called.

Q. This golf course is a little different than the courses we play on a regular basis on the PGA TOUR. How were you able to adjust so quickly?

TALOR GOOCH: Oh, I love the old-school country club feel. The greens are in great shape, the course is in great shape. It fits well to my eye. It's fun. It's a nice change of pace, for sure. I enjoy it.
