

ROUND 4 INTERVIEW
July 21, 2019

CULLAN BROWN (-10)

Q. Cullan, you're a sophomore in college, you're playing with some top dogs out here. How did you feel knowing that you could compete with them, I guess?

CULLAN BROWN: It was great, it was a great week. Just truly blessed to even have the opportunity much less to be able to compete. Today was a bit of a challenge, didn't strike the ball well and just really fortunate to get in under par at all. Happy with the day and could not possibly be happier with the week.

Q. So much fan support, too. A lot of Kentucky fans walking around. How nice was it to have that surrounding you all week long?

CULLAN BROWN: Oh, it was unbelievable. The crowds here are phenomenal. I have a great team here, a great group of people that have been here day in and day out in the heat supporting me. I could never thank them enough for that. But this town and this golf course and this crowd, they bleed blue and that's really shown this week.

Q. What's next for you, Cullan?

CULLAN BROWN: What's next for me is a couple of days of rest more than likely. It's been a long, hot week and I'm looking forward to some time off, and then ramping back up again trying to get ready for our college season, which kickstarts as soon as we get back on campus.

Q. For how you played this week, that's got to add some confidence to your game heading into your sophomore year, right?

CULLAN BROWN: Certainly, no doubt. We came into this week feeling really unprepared for the week. We felt we were behind in our warm-ups and we were just a little behind and not ready, and the game has held up all week. Like I said, a little struggle today but still not bad. Definitely adds some confidence knowing that even when I don't quite feel at my best, I can still put together some decent rounds.
