

BYEONG HUN AN (-8)

Q. Ben, strong finish there. Birdies on four of your last six holes and the sand save at 18. Really coming to the clubhouse with some momentum at 62.

BYEONG HUN AN: Yeah, I shot 4 under front, 4 under back, so it was definitely a good finish. I think the bunker save was pretty big keeping the momentum going, and then it was pretty solid day all day.

Q. Just your third appearance at this event. You do have a top-20 finish to your credit. What is it about this course that you like that you were able to get to 8 under par today?

BYEONG HUN AN: Yeah. I mean, I played this course even before the Wyndham Championship, I played it when I was in junior days in AJGA events. I played a couple times here, so I know the golf course. I grew up in Florida, so I know the grass well and I somewhat felt come comfy, I guess, on the golf course. And I drove the ball really well today.

Q. How big to get low on the first day considering we might have some tough weather rolling through?

BYEONG HUN AN: Yeah, conditions are nice this morning. It was calm and the greens were rolling pure, so I needed to make a lot of birdies out there. I mean, the weather doesn't look great, but whether it stays like this, I've got to do a couple more of these rounds. One good round won't do it, so I need to keep it up and make a lot of birdies.
