

HAROLD VARNER III (-4)

Q. You had a great start today, 66. Just your thoughts on the first round?

HAROLD VARNER III: Just played solid. You know, didn't hit many fairways at the start, but got some opportunities at the end.

Q. Everybody's kind of looking at their number this week and trying to project where they would like to be after this week. What is your goal this week and where do you sort of want to be?

HAROLD VARNER III: I just want to have a chance to win. I mean, what better place, in my home state. Obviously it's a little different because I'm playing with two guys that are fighting to get in. I've been there, so it's kind of, you know, just kind of stay out of their way, just do whatever you can to make it easy. I think that's what any gentleman would do.

Q. Friends and family out following you?

HAROLD VARNER III: Yeah, yeah.

Q. Who's your crew this week?

HAROLD VARNER III: Say again?

Q. Who do you have this week?

HAROLD VARNER III: I don't really pay attention to most of them. I saw my dad and then my sister, so that's all that really matters.

Q. Harold, how have you adapted to playing at home as you've gone through your career just handling all the expectations that come with playing in your home state?

HAROLD VARNER III: The first few times I thought it was more pressure to play well, do so good. But now I don't really care if I shoot 100, they're still going to love me, so it's kind of a win-win for me.
