

ABRAHAM ANCER (-5)

Q. Abraham, nice start. You got those four straight birdies and a great save at 17. Obviously you come in this week a member of the International Presidents Cup team. How much pressure are you feeling?

ABRAHAM ANCER: Not a lot. I feel like I really like this place. This is my fourth or fifth time playing it, a golf course that I love. Obviously I want to perform in front of my people, but I truly, this is just exciting more than just nerves. Obviously every time I play, it doesn't matter where I go, I feel nerves, but I truly enjoy playing out here.

Q. Obviously we had the washout yesterday. How was the condition of the golf course today?

ABRAHAM ANCER: I mean, the crew did a phenomenal job, I think. They had to pretty much redo every single bunker out here, which I can't imagine how much work that was, so a lot of props to the team out here. The course played great. Obviously it was wet, but I mean, it managed to be very, very playable, which they did a great job.

Q. Your golf game has been in real good shape. What was the key for you today?

ABRAHAM ANCER: I just didn't make many mistakes. The only one that I made off the tee was on 17 and managed to make a good putt for par. Other than that, I had a lot of looks. Even my last nine holes, there's some putts that I hit really well and they just didn't go in. But I'm happy the way I'm rolling it and the way I'm hitting it, so I'm excited for the next days.
