

ROUND 1 INTERVIEW
December 13, 2019

CHARLEY HOFFMAN
KEVIN KISNER (-14)

Q. Well, Charley, you came alive on that back nine. You've got to walk us through what exactly you saw at the 12th hole.

CHARLEY HOFFMAN: It's a pin that you're sort of aiming out to the right and having it try to funnel back in there. Hit a good solid 6-iron straight up in the air and obviously it landed in a good spot. We thought it was done rolling and Kevin's going to the tee and somehow it went in, yeah. It was right where I was looking. Let's see where it lands. It had to land pretty soft to go in. It was a trickle. We didn't even know, we stopped watching. Then Kevin told me it's going to be an expensive night. This isn't a good tournament to get a one in, I don't think.

Q. Exactly. You might have had the wrong hole-in-one, you didn't get the free car, but you are going to have a pretty hefty tab. But you were more impressed with the two that you guys got.

KEVIN KISNER: It was 309 front and he hits it to 12, 15 feet, I hit the worst putt ever and he hooped it for one, two back to back. He played so good on the back that I was just falling asleep watching him make birdie on every hole.

Q. A lot of people would love to have this guy as a teammate because he keeps things loose out there. In alternate shot what can we expect between the two of you?

CHARLEY HOFFMAN: Hopefully a bunch of good drives and decent iron shots, and hopefully Kevin putts better than he did today.
