

**WESLEY BRYAN (-13)**

---

**Q. Wesley, how would you assess your round?**

**WESLEY BRYAN:** Overall, it was good. I made a couple dumb mistakes out there, but for the most part, hitting it where I was looking. I drove it pretty good off the tee and was able to see some putts go in today, which was nice. It got a little bit dicey out there for a second, the wind did a 180 switch out there and was swirling for about 45 minutes to an hour or so. Other than that, I mean, it was not playing as easy, I guess, as some of the scores are probably going to indicate. The wind got up a little bit, but all in all, very pleased. Went from barely making the cut to throwing, I guess, myself back into contention going into tomorrow.

**Q. Did the course dry out at all over the last few days?**

**WESLEY BRYAN:** Yeah, it's drying out. You're getting a little bit more run off the tees, a couple bunkers that you have to pay a little more attention to, and the greens, the first skip has firmed up considerably, I guess, from Tuesday from the first time seeing it until today. Some of those back flags when you have wedges in your hand, I thought it was a good idea to go for a couple of them and it didn't turn out so well, but yeah, it's absolutely firming up.

**Q. Could you imagine playing this well coming back out of the break and getting back out on the PGA TOUR?**

**WESLEY BRYAN:** Yeah. I mean, I played great for the couple months leading up to it while everyone was quarantined. Luckily my home golf course back in Lexington didn't shut down, so I was able to stay pretty sharp. Felt like I was in great form and, like I've said before, the last couple weeks felt a little bit disappointing given the form that I felt like I was in. I mean, I guess I'm performing to a level that I definitely thought was possible at this point.

**Q. You obviously crossed the finish line before, won on the PGA TOUR. What will you draw on tomorrow to try to get win No. 2?**

**WESLEY BRYAN:** I mean, Willie is as calm and as cool as it gets on the bag, so just a lot of conversation with him. He has a good calming effect and just out there getting numbers and trying to hit shots. If the putter gets hot, I guess we'll see what happens.
