

ROB OPPENHEIM (-8)

Q. You did what you had to do for two rounds, two 66s. You came in at 145 in FedExCup points, so you feel pretty good about your position right now?

ROB OPPENHEIM: Yeah, good start. It's good to -- like we said, first things first, get to the weekend. And I'm in a good position. The goal is to get to Boston. From Boston, the FedExCup starts next week, so the goal is to get there.

And I need a great week. Not sure where I stand, but like you said, it's a good start and hope I can keep it going this weekend.

Q. Well, right now you're at 126.

ROB OPPENHEIM: I need to do a little better, okay.

Q. Let me ask you this, because you've been close before on the Korn Ferry Tour.

ROB OPPENHEIM: Yeah.

Q. You've always been the guy on the bubble or on the fence and you've always handled it so professionally. Does that make it easier knowing what you have to accomplish and how close it's going to be?

ROB OPPENHEIM: I guess you can say I'm used to it, but I don't think you ever get used to the situation. It's a lot of pressure, obviously. But I enjoy it, that's why we play. It's fun playing when it's meaningful. Hopefully, I have a good weekend and we'll see what happens.

Q. Four birdies in a row, 2, 3, 4 and 5, that's nice. You need to keep that going.

ROB OPPENHEIM: The front nine you can get more opportunities there. I played the front nine both days a little better. The back nine, there's some pretty good holes coming in, but yeah, take advantage of it when you can get it.
