

**ROUND 4 INTERVIEW**  
**November 22, 2020**

**CAMERON TRINGALE ( -18)**

---

**Q. Cameron Tringale, final round 62. I'm curious, when you start the final round many strokes back, what is your mentality and how does that change when you birdie five straight holes?**

**CAMERON TRINGALE:** I started the day trying to imagine I was in last place and I knew it would take something crazy with the wind nonexistent today compared to the first couple days. I knew low scores would be out there. I just tried to birdie every hole and play without leaving anything back.

**Q. When you look at how many times you've put yourself in (inaudible) Tour victory, what did you learn this week?**

**CAMERON TRINGALE:** I mean, I learned just play and have fun. Sounds easy, but it's very hard doing it as long as I've been lucky enough to do it out here. Really just try and enjoy myself this week. Good golf doesn't always come that way, but I think it put me in a position to really be relaxed and just take advantage of the opportunities without too much stress.
