**Q. Obviously a great finish this week, T-2. Did it kind of feel like you were playing with a couple racehorses out there today?**

**SEAN O'HAIR:** Yeah, they were playing a different league of golf out there, for sure. The way they struck the ball and putt, I don't think they did anything wrong. Yeah, I mean, it really wasn't a match-up today, for sure.

**Q. Does it almost free you up a little bit?**

**KEVIN NA:** Not really. We're playing for second, but it wasn't an easy second, it wasn't given. Guys were going low. I know it's not that fun when you're not playing for a win, but you still try and finish the best you can. It wasn't playing -- like the last hole wasn't playing easy, but Harris just hits it in there, he's got about a 12-footer and I've got about a 10-footer and he's about to putt. I go, "Whoa, whoa, whoa, hold on." I go, "You're going to make this and you're going to win, so let me go first so you have the last putt. Trust me, you're going to make it," and sure enough he makes it. It was just that kind of golf he was playing.

**Q. Just looking back on the week as a whole, kind of evaluate how you both played as a team. T-2 is nothing to sneeze at, right?**

**SEAN O'HAIR:** I loved our team. You know, I don't think we were quite on our game today, but I thought we ham-and-egged it pretty good coming in. We kind of got off to a slow start on the front nine, we hung in there and made some nice birdies. I think we make a great team. I'm wondering if we should play Zurich together.

**KEVIN NA:** I coincidentally saw this, we were the least favorites, so we were the worst odds and we finished second. I think people weren't expecting all that, but I think we're a good team. He hits bombs out there and we did good. You can't beat that. We kind of basically won our little tournament, yeah.
