

**ADAM LONG (-13)**

---

**Q. What a round with that 63, out in 29. How were you able to attack the course on your front nine?**

**ADAM LONG:** Yeah, the front's probably a little more gettable than the back, so no wind right now, it's just pretty scorable. I had a pretty good feeling I had to go low today to kind of keep pace. Had a nice stretch, a bunch of birdies in a row. Hit a little closer today and it was nice to see some putts go in.

**Q. Was it something you found on the range? You could tell in the middle of your round (inaudible.)**

**ADAM LONG:** No, I really didn't have that great of a warmup honestly, but I've been hitting my irons pretty good, so it was mostly hitting those pretty close and seeing the putts go in. Just made more putts really.

**Q. That miss on, 18 but really solid playing today, 8 under par, got yourself in this golf tournament, finished runner-up a year ago. What was going right for you today?**

**ADAM LONG:** I just made a few more putts, honestly. I've been hitting it pretty close, hitting some good shots all week, just didn't really feel like I made a lot of putts. So they went in today for the most part other than a handful. It was nice to see them go in.

**Q. I mentioned the runner-up here a year ago, top-5 at Puntacana. What is it with you and tropical places?**

**ADAM LONG:** Yeah, actually a couple weeks ago Brendon Todd said that I've got some advice for you, bud, just play all coastal events. If you can't see the ocean, don't play. I don't know, maybe there's something to it, I'm not sure.

**Q. Did the golf course change at all out there today from the first day certainly to today? Looked like maybe some dryness out there, but not much.**

**ADAM LONG:** Yeah, it was a little drier probably, but honestly the first day was really windy, it was hard. I was in the morning wave and it was difficult. I was hitting some long irons into these par 4s that today I was hitting some short irons. So it makes a big difference to have no wind. It was a lot hotter, the ball's flying and you could definitely make some birdies.

**Q. Any key for you going into the final round?**

**ADAM LONG:** Hit some more fairways. Honestly, I feel like I'm generally pretty good at that and it's just been a little off off the tee, just hybrid, 3-wood, driver. They've been in play, but just in the rough. It's a big advantage, especially if we're playing preferred lies, to be in the fairway rather than the rough, so try to get that squared away.
