

**ROUND 3 INTERVIEW**  
**January 30, 2021**

**SAM BURNS ( -8)**

---

**SAM BURNS:** I think just try to hit it in the right spots out there. Got myself in a couple bad spots, but other than that, overall it was a good round.

**Q. Historically you've been challenged at this golf course. What are you taking from those past experiences as you walk into tomorrow?**

**SAM BURNS:** Yeah, I think obviously every experience is different and nothing in the past has anything to do with this week out here. I'm just trying to go out there and keep continuing our game plan that we have and see what happens.

**Q. You are looking for your fist win on Tour. What are you focusing on for Sunday?**

**SAM BURNS:** I think the biggest thing is just not to get ahead of yourself out here. I think this is a golf course where you have to focus on every single shot, can't really take a shot off out here. I think we'll just continue to try to keep executing, hitting in the right places and see if we can make some putts.
